Minden Fair Aug. 28

It's later than you think, much much later than you think. What are you doing about the Minden Fair? What part are you taking in it? There is still time to get in on the exhibits. There is a big long-g-g list from which to choose. For the farmers, there are horses, cattle, sheep, and pigs, grain, vegetables, etc.

There are some girls around these parts with some wonderful ponies. These ponies would love to come to the Fair and try for a red ribbon.

There are lots of splendid gardens in Haliburton County full of vegetables, fruits and flowers of many kinds. Bring them to the Fair and show them off in real fashion.

Time is short for big sewing jobs, but you could still make a pin cushion, knit a pair of socks, make a stuffed toy, decorate a cake of soap or take some pictures. Dozens of items on the list.

Oh, had you thought of baking? Why not? How about a lemon loaf or a chocolate cake, a pizza? Home-made candy? A roasted chicken? Or you might be good at jams jellies or pickles.

There is still time to practise up for those many contests that are going to be held at the Fair.

Earl Hewitt says everything is set for the parade and is looking forward to a monster parade this year.

President Leslie Prentice is one busy man these days and has every thing pretty well planned for the big day. A bee on Monday night got things on the grounds and in the Exhibit Building well on the way for exhibits and events.

Directors have been rushing all over the place putting up posters and such.

Lyle McKnight is wondering just who he is going to present the trophy to this year for winning the horse drawing contest? Will it be three in a row for Mac McGilivray or Bancroft? Any-

way, you will see a mighty good draw. Don't miss it.

Now don't worry if you don't want to take part in events at the Fair, just come and have a good time. Put on your straw

hat or your western stetson and take in the rodeo. It is going to be a dandy, 2 hours of the west right here.

Come to the Minden Fair, is it a date?

FINAL PUSH FOR FUNDS

Some 30 enthusiastic people gathered on Monday evening to discuss final plans to raise money for the new Community Centre. With over \$41,000 raised and an objective of \$75,000 a final push is now underway to raise the balance.

The Highlands Recreation Committee will hold a draw on an oil painting donated by Walter Noince, along with a concession to be run at the Minden Agricultural Fair and also at the Boxing Card on the same date August 28. The Committee members were each given a district of the community to canvas for donations over the next couple of weeks, so when you are approached give generously for every dollar brings the goal of a new Community Centre a little closer.

The Committee are very pleased with the way donations have kept coming in since the fund raising started back in May. Many of the cottagers have donated, and a great response from the younger people of the community has shown their interest in this project. The Business people, who seem to be always hit for donations, have been contributing without hesitation, and this type of support has given the hard working committee the encouragement they need to continue with this drive.

The Committee, under the Chairmanship of Norm Harrison have spent many working hours to see that Minden will have a new centre which will be a great asset to the Community, their work will not be in vain, if the objective is met — so please give generously to put this project over the top.

HERE AND THERE

with Fenwick Finch

Had a nice visit with our friends from up "the North Road" they asked to remain anonymous so I'll respect their wishes. They left me an article to pass on to Phil Graham covering the exploits of

"VE 3 QEH" it has to do with the operation of this "Ham" radio by patients in the Queen Elisabeth Hospital — they operate the dials with a stick in their mouths — the dials are specially notched so that they can control them.

When you read the article it makes you feel humble and thankful that you have health and mobility. The spirit these people have is almost unbelievable.

During their visit our friends brought up their problem. "Carpenter Ants".

* * * *

Another visitor we had was a gentleman that always makes me feel ashamed of myself for not being able to get around better. C. H. Irwin always seems to have more energy than one man should need — he admits to the seventies but I've never really gotten him pinned down yet. Mr. Irwin felt that Ross Harrison of Carnarvon deserved a mention for the untiring effort he put into the water supply near the bathing beach West of Carnarvon. Mr. Irwin had this to say. "A word of appreciation — from Spring to Fall cars are parked opposite the bathing beach at the head of Twelve Mile Lake while cottagers from near and far fill a variety of containers with sparkling clear water from the freeflowing spring. Quite a line up on Friday evenings. This spot is rendered most attractive throughout the season by its surrounding terraced rock garden of beautiful flowers maintained by the untiring efforts of a lifelong Carnarvon resident, Mr. Ross Harrison."

That was the message Mr. Irwin was interested in. Later on during our visit the question of "Carpenter Ants" came up — the second time in two days. The last time I had heard Carpenter ants mentioned was in 1958 when the Hon. L. M. Frost visited me — at that time he was interested to know if the log house I live in had shown any evidence of the ants. I told him not to my knowledge. That was the last time I heard of Carpenter ants until now.

So, that's the problem — what do you do about "Carpenter Ants"? If you have any ideas drop me a line. Mr. Irwin came up with a couple of chemicals — Clordane and Malathion.

* * * *

Mr. and Mrs. Ed Carpenter dropped in for a short visit. They had just returned from a trip out to Neepawa in Manitoba and brought back with them a large family picture of the Milt Loucks home. At the time the picture was taken in the late 1800's R. H. Baker was the resident.

This beautiful home and surrounding gardens, flowers and hedges appeared to take up the whole triangle now occupied by the Brewer's Warehouse and all the houses etc. including Deacon's Garage. It was a beautiful sight and it makes you wonder if progress is really all that wonderful.

* * * *

As I see these old pictures of the beauty we used to have I feel it is a shame we don't have some small type of Museum to preserve what we have very little of left.

Surely the problem of an historical Society can't be all that great. I still think the Rotary Club could back such a venture — their neighbouring club of Haliburton did it — why can't we?

Drive carefully — there are lots of interesting things ahead of us — be around to enjoy them.

ASKING AN AWKWARD QUESTION

The Fish and Wildlife Branch receives much of its management and inventory data through mailed hunter questionnaires. Some questionnaires ask a hunter about his income. Very often hunters ask "What has this to do with hunting?"

Before answering this question let's ask a few other questions:

1. If a hunter's income was only \$1,000.00 would he be able to go deer or moose hunting?
2. If his income was \$15,000.00 would he still hunt in the same area that he currently hunts, or would he go further afield?

Hunting costs money and if a hunter's income were at the \$1,000.00 level, we would speculate that he probably would not be able to afford to hunt. But if his income was above \$15,000 he could go just about any place in Ontario. Chances are that he would probably take an extended trip into a more attractive area.

The recreational activities of an individual can be directly linked to his level of income and social background. We in the Department of Lands and Forests try to satisfy all hunters and in order to do this, we need to know much more about hunters themselves.

DORSET DIARY

by Ross Leslie

Did you see the OPP Patrol boat here on Sunday, August 8? Bob Abernathy has a very effective and attractive highway sign, not far from Dwight promoting his fine Dorset Building Centre.

Mike Shields and others want to know when those speeding boats travelling through the canal, will be slowed down.

Be sure to visit The Iron Forge and its souvenirs. It's the area's newest gift shop. M. Berry is the manager. I'm intrigued by the style of the paintings for sale. The Iron Forge is 1½ miles west of Dorset in 118 Highway, and its very close to Paint Lake. I recommend your doing business with the "new happening" the Iron Forge.

Mike Shields had a wonderful reunion with his old pal George Bishton on August 9. They had not seen each other since 1963.

LAWN AND GARDEN WEED CONTROL

Although chemical weed control is increasing, the hoe is still the most highly recommended method of control in gardens.

However, when there is no danger of spray or dust drifting on to other plants, you can use a recommended chemical.

Most weed control chemicals come either in a granular form, to be shaken from the can, or as a wettable powder or liquid to be sprayed on the soil. Some must be cultivated in to the soil immediately after application for maximum effect. Properly used they should give effective control for 8-10 weeks.

A vigorously growing, adapted grass is the first major step in keeping lawn areas free from weeds. Proper lawn maintenance and fertilizer application is essential. To rid the lawn of weeds such as dandelion and plantain, 2, 4-D is recommended. For chickweed and other 2, 4-D resistant weeds, mecoprop can be used. Regular treatment of weed patches at two week intervals during the growing season is recommended. But, most ornamentals and flowers are susceptible to these treatments; therefore, take care when applying chemicals.

For weedy nursery stock, use a recommended herbicide or weed killer. For other perennials or garden shrubs, ammate is a good control agent, but it can damage the roots of other trees and plants in the treated area. Horticulturists with the Ontario Department of Agriculture and Food stress the importance of taking the necessary precautions.

Weedy patches surrounding different plant species require individual treatment. Inquire at your local garden and nursery centres for the proper chemical control and always follow the manufacturer's directions.

THE POLITICAL SCENE

The Political scene, or at least one-third of it was in full swing on Saturday, August 14h, as the Tories held their second annual bar-be-cue and dance. It still puzzles me why they hold this caper

in Kinmount, unless it is a fore-runner of the great Kinmount Fair coming up on September 4th. When Bill Scott took the stage, (he is our genial M.P. in case you are new in these parts) — Politics was the last thing on his mind, he came out loud and clear to give his fair the big plug. But, then Bill hasn't got too much to get excited about just yet, for it looks like Mr. Trudeau is enjoying himself as P.M. to call an election before his term is ended.

The evening in Kinmount started out rather slow, but rallied to a fast, swinging finish. It is not often you see so many delightful fashions, worn by both men and women, medling around at what looks like the back of a barn, but such was the case here — for the bar-be-cue was staged at the Fairgrounds, in the Kinmount Astrodome. One reason this building got the nod over the Minden Ice Palace, was the fact it has a cement floor — better for dancing. After giving the Fairgrounds a good glance, we have to give the people of Kinmount, and I am sure Bill Scott has played a big part to, in having such a fine Exhibition Park, the location is scenic and well kept.

The big play of course as you picked up your platter of fine food, was the sale of P.C. memberships and the distribution of Tory propaganda. The bar-be-cue was without question delicious, and there was no shortage — the membership took a jump in number as many new faces joined the ranks — and of course the propaganda was free, you weren't forced to read it.

As all those interested Conservatives, and there were over 400 of them talked and circulated, the topic was whether or not our present M.P.P. Glen Hodgson was going to run again, and who was going to challenge him, if anyone. There were two names going around like wildfire, George Enrig of Lindsay was one, and he certainly was doing a little politicking, the other was Sinc Nesbitt of Minden, but then his name seems to pop up quite frequently at every political rally. Glen made it quite clear when he took the stage he was definitely going to stand for re-election. It has always been my belief that you should stick with a winner, and when next nomination meeting comes around on September 11th. I think the party will do just that. Glen has a great many followers, and of course the Hodgson name runs deep, due to the long record of Glen's father, Clayton as a member in this riding. He has run into some criticism as well, but that is the price you pay for being in the public's eye — he has been a winner, you can't knock that. George Enrig on the other hand if he decides to run, and was to win would have to face a most popular man in John Eakins also of Lindsay, which could spell trouble for the Conservatives.

So there you have it from election central, the way I see it. Politics have run deeper in this area, than almost anything else — the Tories have always been strong in this riding, but like everything these days, it takes work to maintain a winner.

LETTER TO THE EDITOR

295 Chemlin de la Tournelle,
Pont Viau, Quebec.

Dear Sir:

If you see a red B.M.W. motor car, with a Quebec license plate touring the village of Carnarvon, and the streets of Minden and when it comes to a stop on Minden main street and from the car emerges a tall handsome looking and well built specimen of the male sex, you will see Mr. Robert Rodrigue of Montreal.

Bob Rodrigue is a constable, a member of the force of Montreal's finest, he has been on the Montreal Police Commission since his teen-age days.

There is no reason to be apprehensive, because Bob is not in our Haliburton area on special undercover assignment!

Bob thought he would like to explore Ontario having never been here before, therefore he 'conned' Mr. Frank Coleman to getting the use of the Coleman's summer peace for a week early in July.

Bob and his wife Suzanne were so enthralled with the beauty and quietitude of the Haliburton Highlands they made up their minds to make a permanent vacation spot in Carnarvon, therefore they persuaded the Coleman's to sell their property to them.

It was a heart rendering decision to make for the Colemans, having been summering in Haliburton since 1939.

However, Bob and Suzanne are now the owners of a beautiful spot on the Little Lake Boshkung Road, just a mile from the village of Carnarvon.

Suzanne and her two sons, Francois and Benoit are now enjoying a very happy and delightful vacation at the lake. they intend to stay until Thanksgiving at least, after which Bob will come up through the Autumn and Winter for the hunting and ice fishing season.

Bob drives from Montreal a distance of 370 mi. very frequently, and now he is concerned whether or not he will be able to get the family back to Montreal, because Suzanne and the children are extremely happy with the Shangie-la approach to happiness in Haliburton.

Let us all make Bob and Suzanne very welcome as permanent vacation residents in our area.

So to Bob and Suzanne be happy and enjoy to the fullest our many activities in Haliburton.

Yours truly,

Frank Coleman.

NOTICE

The Expropriations Act 1968 - 69

NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

Department Of Transportation And Communications
IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate in the Township of Snowdon, in the Provisional County of Haliburton.

FOR THE PURPOSE of acquiring sufficient land to divert a township travelled road and improve its connection to Highway 519.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS

Minister of Transportation and Communications
Parliament Buildings, Toronto 5, Ontario.

Minister of Transportation and Communications
W. Wigle, Director, Right-Of-Way Branch.

NOTES:

1. The Expropriations Act, 1968-69 provides that,
(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,
(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and
(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. "owner" and "registered owner" are defined in the Act as follows:

"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;
"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

LETTER TO THE EDITOR

Haliburton,
August 12, 1971.

Dear Sir:

On behalf of the members of the Haliburton Guild of Fine Arts, I wish to thank you for your continued support of the Guild. Your co-operation in bringing our activities to the attention of the people of the Haliburton Highlands is sincerely appreciated.

As you know, the Haliburton Highlands Guild of Fine Arts, along with the Haliburton School of Fine Arts, is already making a name for itself.

This summer has been a greatly increased number of summer students at the School of Fine Arts, and on Monday nights, the Summer Theatre, is bringing added enjoyment to many of our visitors, as well as to a growing number of local people.

To yourself and your staff, our grateful thanks.

Sincerely,

Carol Duncan, President.

Speaking On SPORT

by LARRY SCOTT

On Saturday, August 28th the Minden arena will be hosts again to Championship wrestling. The promoters are making sure that they have something for everyone. The fabulous midgets will be there to open the proceedings. In the second match the ladies take over in a tag team match. Beverly Shea and Kitty Baker team up to take on Natosha and Calmen Monge. This should prove to be quite a match. Before the semi-final bout terrible Ted the 600 lb. wrestling Bear will make his debut and will be matched against popular Gene Dubois. In the semi final bout Chief Little Bear will do battle with the Assassin. In the final bout of the evening ever popular and well known John L. Sullivan will take on the Zebra Kid. In all we can promise the many fans that are planning to attend an evening of excitement.

In minor ball action this past week the Minden Rotary Pee Wees travelled to West Guilford and the Redmen outslugged the Rotary team 22 - 5. Despite the score the Minden team played well. The big man for West Guilford was Wade Stamp. The playoffs will be getting underway on Tuesday, August 24 in West Guilford. The Minden teams will combine forces and select one All Star team. The series will return to Minden on August 26. The series is a best of seven. Please come out and give your support.

Merchants Sweep Series From Lumber Kings

Minden defeated West Guilford 9 to 1 on Sunday last as Jack Snell hurled a three hit game to lead the locals to victory. After giving up one run in the first the Merchants tightened up shutting the visitors out for the rest of the game. Big guns for the locals were Craig Morrison with a homer with two men on and Wayne Johnson a triple with the bases loaded. Snell had a homer to help his own cause. Gene Newell played like the old pro he is pulling off many fine defensive plays at first base.

Minden now meet Haliburton in the finals for the Championship. This series starts Wednesday night in Minden at 7 p.m. The Merchants are looking for your continued support as they fight their way towards the League Championship.

SLAP SHOTS

Hope to see Mike Jackson (who is out with a shoulder separation) back in the harness soon.

Should be a good series between Haliburton and Minden (Old rivals). Come out and give the boys some support.

We would like to wish Craig Stamp the very best as he will be travelling to Tulsa in a few weeks. I'm sure he'll have no problems in making the team.

PAPER GIVEN AT CONFERENCE FOR AGED

At a recent conference in the interest of the elderly held in Kenora, Robert Kreem, M.S.W., a consultant on Services for the Office on Aging and Homes for the Aged presented a most interesting paper from which we quote:

Elderly people, like younger groups have needs
— need to love and be loved
— to be recognized and accepted
— to be useful
— to have purpose and direction
— to have opportunity for new experience
— to feel secure

Unmet needs can cause:
— feelings of rejection and loss
— if self-esteem
— isolation, hopelessness, anxiety, fear and breakdown.

All have spiritual needs:
Religion gives deeper meaning to the whole life. It helps solve problems of loneliness, lack of purpose and feeling of not being needed.

All have social needs:
An individual needs to establish social relationships for personal growth and development. Such relationships begin with the family and extend to larger social groups.

Older people need opportunities for inter-action with others in a useful and meaningful way. Hobbies are an important means for creativeness.

These remarks point up the idea and the desirability of a club or meeting place for the Senior Citizens of the Community. The formation of a group with these concepts in mind is the purpose of the invitation being extended by Hyland Crest Home to the older citizens to meet and plan, to fulfil some of the needs for themselves and their compatriots in a friendly congenial way.

Watch for further announcement of an initial meeting to plan a way to meet your own desires and needs in the manner you will most enjoy. Your suggestions are welcome and needed to make this possible.

The Expropriations Act 1968 - 69

NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

Department Of Transportation And Communications
IN THE MATTER of an application by the Minister of Transportation and Communications for approval to expropriate in the Township of Snowdon, in the Provisional County of Haliburton.

FOR THE PURPOSE of acquiring sufficient land to widen Highway Number 519.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing,

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

THE APPROVING AUTHORITY IS

Minister of Transportation and Communications
Parliament Buildings, Toronto 5, Ontario.
Minister of Transportation and Communications
W. Wigle, Director, Right-Of-Way Branch.

ANNUAL GENERAL MEETING

The Annual General Meeting of the Haliburton Highlands Guild of Fine Arts, was held Tuesday evening, August 10, in the Cafeteria of the Haliburton Secondary School.

Mr. Don Popple, Co-ordinator of the Haliburton School of Fine Arts, acted as Chairman of the meeting, and in his opening remarks, stated that the Guild plays a very important role as an Advisory Board to the School of Fine Arts. He then gave a resume of the 1971 session of the School, which has been very successful. Mr. Popple thanked the local school board, without those co-operation this success would not have been possible.

As the President, Mrs. Carol Duncan, was unable to be present because of illness, her report was read by Mrs. Muriel Allport. This report told of the activities sponsored by the Guild throughout the year, and included a report by Mrs. Vi. Hudson, on the very successful Pottery Group. Summer Exhibition report was given by Mrs. Thilde Nevitt and Summer Theatre, report by Mr. Rick Poole.

There was a fifteen minute intermission to allow people to

enjoy a cup of coffee, and to join up as members of the Guild.

The meeting then re-convened for election of officers. The nominating committee's proposed slate of officers was accepted as follows —

President — Mrs. Carol Duncan
Vice President — Mrs. Muriel Allport, Secretary — Mr. J. Douglas Hodgson, Publicity Officer — Mrs. Peggy Fawns, Directors — Mr. Jan Augustejne, Mr. Ron Curry, Mr. Don Finn, Mrs. Don Finn, Mrs. Thilde Nevitt, Mrs. Marilyn Palmer.

The meeting was then turned over to Mr. Hodgson who explained to members what is presently happening in the Guild. A new Constitution is being drawn up and should be ready for mailing to members in the near future.

A short period of participation from the floor followed, and the meeting adjourned at 9:30.

EVERY STEP OF THE WAY

NOTES:

1. The Expropriations Act, 1968-69 provides that,
(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. "owner" and "registered owner" are defined in the Act as follows:

"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;

"registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

SCHEDULE

All right, title and interest in the land described as follows: In the Township of Snowdon, in the Provisional County of Haliburton being:

(a) Part of:

(i) Lot 14, Concession 10, designated as PART 7

(ii) Lot 6, South of Station Street, Registered Plan 1, designated as PART 3

(iii) Lot 4, North of Ann Street, Registered Plan 1, designated as PART 5

on Department of Highways' Plan P-7047-27 deposited in the Registry Office for the Registry Division of Haliburton as Plan RD-180.

PLAYGROUND ACTIVITIES

The highlights of this weeks activities was the Mothers Tea on Wednesday afternoon. After an introduction by Ruth we all sang a selection of songs. The puppet show written, directed and acted by the children was quite successful despite the last minute planning. A solo by Scott was both well sung and received by all. A skit by Ray and company brought many laughs as did the playground skit.

The mothers did an excellent job of supplying cookies and cake which were delicious with the lemonade.

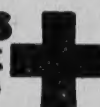

Thursday afternoon a Scavenger Hunt to seek out prizes and 'white elephants' took the place of Arts and Crafts. A fun way to spend an afternoon.

Between preparations for the Mothers Tea held on Wednesday and the Penny Carnival to be held next Wednesday, this week has been very active.

Registration rose to 93 and several new games were introduced. 'Skunk' has become the favourite new morning game.

The playground finishes August 20. Do hope to see you at the fairground some morning or at the school some afternoon before we close.

The first man to become a 4 time winner in the 21 year history of the Canadian Open Old Time Fiddlers' Contest held August 6 and 7 in Shelburne, Ont. is Ed Gyurki. A 33 year old technician from Woodstock, Ont. he edged out 3 time winner John Mooring of Springhill, N.S. A capacity crowd of 5,000 watched the finals which were broadcast over CBC Radio.

On August 21 and 22, there'll be live reports on the Canadian Professional Golf Tournament from the Saskatoon Golf and Country Club. The tournament is limited to Canadian professional golfers; commentators are Ernie Afaganis and Beattie Martin.

Soon after he scored a hit with his radio biography of Hemingway, broadcaster Patrick Hynan began work on another, this time, William Faulkner. This second profile of another great American writer will be broadcast on CBC Tuesday Night, August 24. Faulkner was born in Albany, Mississippi in 1897 and died in 1962. His view of the South was chronicled in such novels as *The Sound and The Fury*, *The Intruder in the Dust*, and *Requiem For a Nun*. Among those who give their impressions of the man and writer as they knew him are poet and novelist Robert Penn Warren; veteran film director Howard Hawks; his brother Murray Falkner and Malcolm Cowley, leading literary critic who considers that all the American whippers of the early 20th century, only Dreiser and Faulkner really last.

The Canadian play series continues on CBC Stage, August 21, with *A Fish in the Sea of Tranquility* by Leo Simpson. It's about an inoffensive professor who seemingly exists in a *Sea of Triviality*, plagued by the household demands of his wife and 2 unbearable children.
